“In the dawn of this new era in the political history of the separated parts of this Malayan territory we of the Singapore Legislative Assembly look forward to the closest co-operation and co-ordination with the Federal Legislative Councillors in building up a Malayan outlook and loyalty and in the achievement of our common aims for freedom, economic security and social welfare of the peoples of this territory, and extend to our brothers across the Straits our good wishes for their success in the way ahead.”

7. The Chief Minister to move—

That we the members of the Singapore Legislative Assembly, on behalf of the people of Singapore, do place on record in the following terms our recognition of the unique services rendered to Singapore by Malcolm MacDonald as Governor-General, and then as Commissioner-General for the United Kingdom in South-East Asia:—

“Holding the highest office among Her Majesty’s representatives in South-East Asia, you have interpreted your duty to represent Her Majesty not only to Governments and with Governments but to the people, and we the people of Singapore have been impressed by your wide and warm sympathies and sincere friendliness as you moved freely among us. You have appreciated the liberating and creative forces of democratic nationalism in Asia, and have understood that democracy in practice among us means its interpretation in the distinctive way of life of each of the peoples of South-East Asia, and in this way you have forged lasting links between the democratic traditions of East and West. We believe your influence has always been to build our self-confidence and the confidence of others in us which has helped

speed our political advance. We are deeply grateful for your understanding and friendliness to the people of this territory, and your constant readiness to give us advice and assistance in matters great and small. Not only are you the first of Her Majesty's representatives but the first among those who have shown understanding of the people of this territory and our needs, and the first in helpfulness in achieving our legitimate aspirations."

And that Mr. Speaker do convey to His Excellency this message of our appreciation and gratitude and our best wishes for his success in his high post in India, our great neighbour.
