

Sharael Taha

Member of Parliament Pasir Ris-Punggol GRC

Vice-President, Strategy and Project Management Office

Holds a Masters with Distinction in Business Administration from Saïd Business School, University of Oxford and Honours in B.Eng(Mechanical) from National University of Singapore. He is a certified Lean Sigma Black Belt practitioner, Productivity and Innovation Manager and is certified in implementing Business Process Reengineering.

Prior to his current role, he was based in UK leading a global team of project management professionals in a global MNC to successfully deliver projects across UK, Germany, Canada and Singapore including setting up a new Aero-Engine Assembly Facility in Dahlewitz, Germany, within 18 months.

He is driven by the passion to innovate and using data to drive that step-change in improvement. An engineer at heart; he is constantly tweaking and working on the next major change project including pursuing Industry 4.0. He believes in driving change through an inclusive society where change cannot be at the expense of others. He also believes in ensuring equal opportunity for youths and works closely with self-help organizations to inspire youths to pursue the passion for STEM.

Sharael Taha is experienced in Operations, Technology and Project Management. In addition to his experience in running operational facilities, he has a strong track record of delivering transformation and new facility projects across the automotive, oil and gas, telecommunications, consulting and aerospace industries for organizations such as Rolls-Royce, Keppel, National University of Singapore, and Telefonica.
